**Saturdays 1200 – 7pm**

**The Facts:**

- Hundreds of thousands of Americans have died from COVID
- Pre-existing health issues like diabetes, heart and lung disease put you at greater risk of hospitalization and death
- Asymptomatic people can carry COVID to those more venerable

**The Good News: COVID-19 vaccines are Safe and Effective**

- Once vaccinated, your risk of hospitalization and dying from COVID is dramatically reduced
- Over 100 million shots have been administered
- Most vaccine recipients experience minor or no side effects
- You can't get COVID from the vaccine

**It's safe, it saves lives and it's worth it**
